NATAN LEADERS VISIT U.S. IN NOVEMBER

Z3 PROJECT

Building the Jewish Future Together

Z3 PROJECT: EXPLORING MODERN ZIONISM

Next month, NATAN CEO and Chair, Alice Miller and Gil Reines, will travel to the U.S. to share their vision for NATAN's future.

Meet Alice and Gil in **Palo Alto, CA, November 7 - 10** and at the [Z3 Conference](#) on **November 9**, where Alice will discuss compassion, courage, and conscience in times of war, with Dr. David Hasan, a neurosurgeon, humanitarian and driving force behind the Gaza Children's Academy (serving 1500 children in Khan Younis), which NATAN supports through telemedicine services. Maria Jiries, [Shittah Institute](#) CEO will also join the conversation. (Read more about the Gaza Children's Village in [Haaretz](#).)

The [Z3 Project](#) reimagines Jewish Peoplehood in Israel and the Diaspora for the 21st century, revitalizing Jewish public life through dynamic debate, enriching learning experiences and personal exploration of Zionism and Jewish life.

Please contact [Alan Silberstein](#) for details of their visit or to arrange a conversation.

HELPING HANDS IN THE PHILIPPINES

NATAN's advance team of medical professionals and social workers has just returned from earthquake relief operations in Cebu Province, the Philippines, where they cared for hundreds of children and adults.

Watch this video to understand the impact of NATAN volunteers in the Philippines.
