## YOU MAKE THE NATAN MAGIC HAPPEN

At this moment, when the whirling world pauses to express gratitude, NATAN's leaders recognize the substantial gifts of time, heart, and capital that sustain our 1800+ active, expert volunteers -- and inspire our vision.

We are grateful for our donors' steady commitment to NATAN. [Your generosity keeps NATAN alive](#) -- and translates into tangible, life-saving action, across the globe.

Thank you for your continued dedication to the work we must complete every day -- in Jamaica and Ukraine, in Nepal and in Khan Younis -- and to the enduring vision of a world where humanity can promote health, peace and community.

## REAL RESULTS: ONGOING RELIEF IN JAMAICA

NYC-based NATAN volunteer Neil Richmond, MD, with a patient in Jamaica.

Our third mission to Jamaica, assisting storm-ravaged communities, is in full swing. In one day, we managed to treat almost 100 survivors in Montego Bay.

This real, immediate relief is made possible by your support and our brilliant partners like [Airlink](#), whose free air transport helps our teams and supplies reach Jamaica as quickly as possible.

We are grateful to you, our donors, whose generosity reliably fuels NATAN's humanitarian mission wherever the current need arises.
