WORLDWIDE DISASTER RELIEF

EARTHQUAKE IN THE PHILIPPINES: NATAN IS ON THE WAY

[SENDING IMMEDIATE HELP](#)

Cebu Province, the Philippines, causing widespread destruction and loss of life: at least 72 people are known to have perished, with hundreds more injured and 20,000+ displaced from their homes. Tens of thousands more have left their homes, seeking to avoid damaging aftershocks.

Homes, bridges and schools have collapsed. Communities have lost essential services, including electricity and water.

In response, a NATAN advance response and assessment team of physicians and social workers is on the way, to join our local partner, [Operation Blessing](#), in the field, in order to provide urgent medical care, psychosocial support, and help communities begin to recover.

NATAN has stood with the people of the Philippines since Typhoon Yolanda struck the islands in 2013. We remain committed to helping now, in this moment of great need.

This work is impossible without your support. Your donation helps us to provide life-saving care to families in crisis. Thank you for giving generously.
